FOR FREE ACCESS, **LOOK TO THE LEADER.**

Turn to Bobrick's unmatched free and token napkin/tampon vendor selection, all fully ADA compliant*.

Laws and expectations have changed. Bobrick has responded.

Many states have enacted legislation requiring some public facilities to provide free menstrual products. Bobrick has responded by extending its menstrual product vendor offering with free and token vend options.

Bobrick's unmatched selection includes the only fully ADA-compliant napkin/tampon vendors on the market*. Our vendors are also more durable than the competition, with larger capacities to reduce operation cost.
