THE CHALLENGES

Heavy Traffic • Vandalism
Hygiene • Comfort • Inclusivity

HISTORICAL

Educational facilities face limited budgets and deferred maintenance.

Durability and hygiene are top priorities.

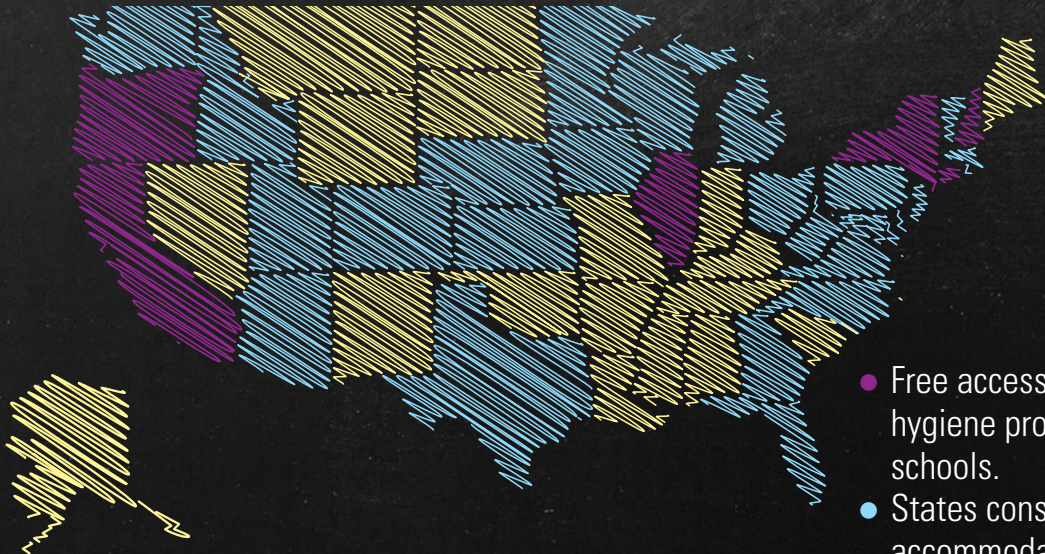

CONTEMPORARY

Schools are looking to use free feminine product vendors to support the health and comfort of female students while reducing absentee rates.

Free feminine products are increasingly seen as a benefit to society.

DID YOU KNOW?

Several states have facilities that provide access to free feminine hygiene products. Nationwide all school districts are evaluating accommodations.
