BUILDING VALUE SINCE 1906

SureFlo® Top-Fill Automatic Soap Dispenser.
The ultimate solution for a hygienic hand wash.

Foam or Liquid

THE CHOICE IS YOURS.

B-828 Automatic, Top-Fill Bulk Foam Soap Dispenser
B-824 Automatic, Top-Fill Bulk Liquid Soap Dispenser

HYGIENIC

TOUCH FREE, REDUCING CROSS-CONTAMINATION.

Electronic Activation System eliminates hand waving and false dispensing. With the touch free sensor, there is no direct contact between the patron and the dispenser, preventing cross-contamination.

HYGIENIC

ADJUSTABLE SOAP CONTROL DIAL FOR EFFECTIVE HAND WASHING.

With the unique soap control dial feature, the amount of foam soap can be adjusted on the dispenser to produce the optimal foam quality, ensuring a lathery foam texture and sufficient amount of soap with each dispense. For the B-824 liquid dispenser, the amount of soap dispensed can be adjusted to optimize patron satisfaction and operating budget objectives.

LABOR SAVINGS

TOP-FILLING FOR LABOR COST CONTAINMENT.

Locking cover swivels open and out of the way with a standard Bobrick key revealing a 2" wide integrated funnel designed for easy filling with bulk jug soap. No more costly, awkward under-counter servicing of screw-on cartridges or empty soap vessels.

SUSTAINABLE

ZERO WASTE FOR ENVIRONMENTAL RESPONSIBILITY.

Five proprietary 800 ml closed-system soap cartridges hold approximately the same amount of soap as one gallon of bulk jug soap. Elimination of cartridges reduces post-consumer waste by over 57%, not including wasteful, premature disposal of cartridges with up to 20% residual soap.

DESIGN

TIMELESS DESIGN COMPLEMENTS VIRTUALLY ANY DECOR.

SureFlo is appropriate for new construction and renovation because its polished chrome finish reflects design continuity with other restroom accessories and plumbing fixtures.

LABOR SAVINGS

FEWER PARTS FOR EASY INSTALLATION.

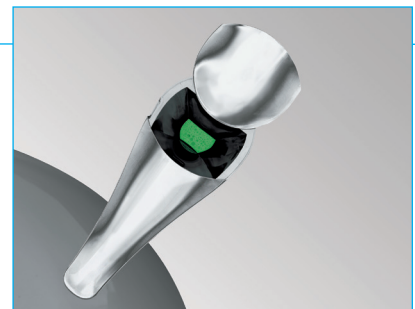

Easy installation minimizes installation errors and reduces field maintenance. Extensively field tested for intuitiveness. Refer to our short 3-minute installation video on bobrick.com for more information (QR link on back page).

SOAP SAVINGS

BULK JUG SOAP FOR SAVINGS OF 80% AND MORE.

SureFlo dispenses economical bulk jug soap available on the open market. Higher-priced proprietary closed-system cartridges only fit the manufacturer's dispensers at locked-in prices. SureFlo's ROI averages one year or less depending on traffic volume.

FREEDOM

NON-PROPRIETARY DISPENSER SETS MANAGEMENT FREE.

Freedom from a mixture of plastic products in the restroom. Freedom from costly under-counter, labor-intensive servicing. Freedom from proprietary, closed-system dispensers. Freedom from soap cartridges only available from dispenser manufacturers at locked-in prices. Freedom from 57% post-consumer waste.

FOAM MODEL B-828 (shown below) or LIQUID MODEL B-824

*Features unique to B-828

Wide 2" integrated funnel for easy above-counter filling. Reduces labor, stress and strain. Saves 25% labor with no more bending under the counter to change cartridges.

*Foam Mixer Housing combines foam soap and air for preliminary mixture of foam.

*Air tube supplies air to Foam Mixer Housing.

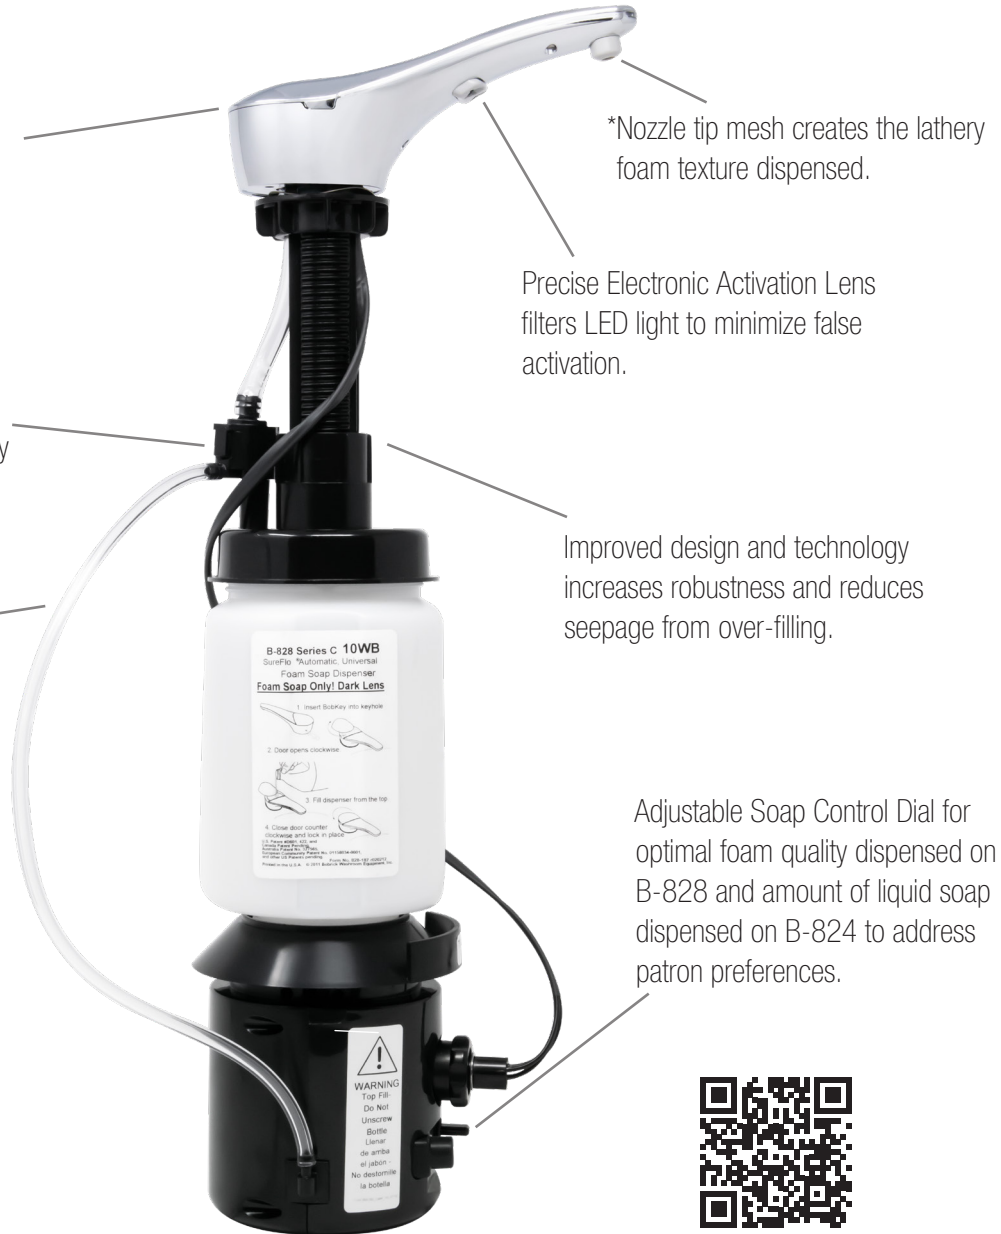

B-824 Installation

B-828 Installation

Scan a QR square with your smartphone to watch the desired short Installation Video.

*Nozzle tip mesh creates the lathery foam texture dispensed.

Precise Electronic Activation Lens filters LED light to minimize false activation.

Improved design and technology increases robustness and reduces seepage from over-filling.

Adjustable Soap Control Dial for optimal foam quality dispensed on B-828 and amount of liquid soap dispensed on B-824 to address patron preferences.

B-828 Maintenance

Scan this QR square with your smartphone to watch a short B-828 Cleaning and Maintenance Video.

Questions? Call the SureFlo Automatic Soap Hotline at (833) 874-9434 to speak to a Bobrick representative.

Battery Pack can last up to 1 year (4 D-cell batteries not included).

AC Adapter is kind to the environment and eliminates battery disposal.

Remember to order matching B-8878 Designer Series Polished Chrome Faucet.
