## **BOBRICK PUBLISHES NEW 52-PAGE FULL LINE WASHROOM ACCESSORY CATALOG.**

June 15, 2007 -- North Hollywood, CA -- Bobrick Washroom Equipment, Inc. has announced the publication of the Company's new full-line, 52-page Washroom Accessory Catalog providing several new sections of interest to building owners, architects and specifiers. Building occupancy needs have been identified for restrooms in three property categories: Prestige Buildings, Standard Use Buildings and Heavy Traffic Buildings. In turn, three Product Selection Guides list the most appropriate washroom accessory, toilet partition, hand dryer and baby changing station models for each property category in terms of design, durability, capacity and price. The new catalog also introduces Bobrick's new Convertible Towel and Waste Series which can be converted from folded to universal roll paper towels without changing the recessed cabinet or compromising the original design.

For a copy and/or more information, telephone 800/553-1600 or visit [www.bobrick.com](http://www.bobrick.com).
