FOR FREE ACCESS, **LOOK TO THE LEADER.**

Turn to Bobrick's unmatched free-vend napkin/tampon vendor selection, including new token-vend options — all fully ADA compliant.

# Laws and preferences have changed. Bobrick has responded.

Many states have enacted legislation requiring some public facilities to provide free feminine products. Bobrick has responded by extending its feminine product vendor offering with new token-vend options.

Bobrick's unmatched selection includes the only fully ADA-compliant napkin/tampon vendors on the market\*. Our sanitary/napkin tampon vendors are also more durable than the competition, with larger capacities to support economical operation.
