

# INSTALLATION INSTRUCTIONS

## 49344-91 DOOR REPLACEMENT

The following are instructions for replacing the door for Bobrick's B-43944 Recessed Paper Towel Dispenser / Waste Receptacle or B-43949 Surface-Mounted Paper Towel Dispenser/Waste Receptacle with TowelMate and LinerMate

### RECOMMENDED TOOLS

**CAUTION:** Be sure to use proper safety gear.

- 5/16" nut driver or 5/16" socket wrench (one is required)
- Hammer or mallet (one is required)
- Tooling file (recommended)
- Pliers (optional)

### HARDWARE PROVIDED IN KIT

- Hinge Pin 43944-15

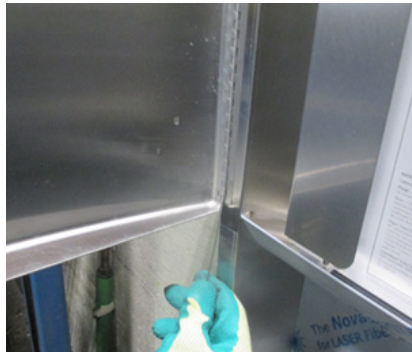

1. Remove the hex nut connecting the metal cord (door check) from the cabinet to the door. This can be done using a 5/16" nut driver or 5/16" socket wrench.

- 3b. When the pin is approximately  $\frac{3}{4}$  of the way into the hinge, make a slight bend to prevent the hinge pin from slipping out. Please refer to the [video](#) for an example.

2. Push out the hinge pin connecting the defective door and the cabinet using the new hinge pin 43944-15 as an aid. Pliers may be used to assist with pulling the hinge pin out.

4. Ensure the newly installed pin is not protruding from the hinge. A hammer or mallet can be used with a file to ensure the hinge is flush.

- 3a. Align the new door with the cabinet and insert the new hinge pin from the top of the cabinet.

5. Reattach the metal cord (door check) by installing the hex nut that was removed in Step 1.
