Bobrick Washroom Equipment's Eastern Division Commemorates 50 Years of Commitment and Service in Clifton Park, NY

NORTH HOLLYWOOD, CA, July 10, 2024 – Bobrick Washroom Equipment, Inc. is pleased to announce that its eastern division unit recently celebrated 50 years of service in Clifton Park, New York. Bobrick, founded in 1906, is an industry leader in product innovation and is the brand of commercial restroom accessories most specified by architects, with millions of products sold annually.

Bobrick is celebrating 50 years in Clifton Park and over 118 years of restroom excellence. Since inventing the first commercial soap dispenser in 1908, Bobrick has consistently set the standard for design, performance, efficiency and user experience for commercial bathroom accessories and toilet partitions.

Bobrick Eastern Division (BED) became part of the Clifton Park community in 1974 when Harold Rosenberg, a Bobrick NYC employee, was tasked with establishing a new warehouse and distribution center. Rosenberg, who later was promoted to division manager, was instrumental

in integrating BED into the community and fostering relationships with local and regional representatives and distributors. Bobrick's commitment to Clifton Park was further demonstrated by building an expanded facility in 1994.

Over the past 50 years, BED has evolved from labor-intensive manufacturing processes to automation. Through all the changes, BED has always been committed to delivering high-quality, innovative products and services. This dedication, along with a strong focus on retaining employees, has allowed BED to grow and become one of Clifton Park's largest employers. The relationships BED and its employees have developed within Clifton Park and the surrounding areas are responsible for much of the company's success.

One of BED's most important and longstanding relationships is with the United Way of the Greater Capital Region. For 40 years and counting, BED has led fundraising campaigns and hosted community events, with Bobrick matching its employees' donations, which has supported many Greater Capital Region families over four decades. Peter Gannon, President and Chief Executive Officer of the United Way of the Greater Capital Region, and additional United Way representatives joined BED to celebrate the 50-year milestone.

"We are so thankful to our loyal customers, dedicated employees and supportive community," said Ron Miller, Bobrick's Eastern Division Manager. "Achieving 50 years in business is evidence of the trust and support we've received in Clifton Park. We look forward to another 50 years, and more, of excellence and giving back to the community that has embraced us for five decades."

BED's 50-year celebration included a luncheon and gifts for all guests and attendees. Additional supporters of Bobrick's milestone in Clifton Park included:

- Philip Barrett – Supervisor of the Town of Clifton Park
- Angela Thompson – Supervisor of the Town of Clifton Park and Constituent Liaison for Assemblywoman Mary Beth Walsh, New York Assembly District 112
- Fred and Dyanne Sylvester – Owner/CEO of Sylvester and Associates, a Bobrick representative for over 30 years serving the New York state and northern New Jersey markets
- Peter Matzen – Owner of Matzen Construction Services, LLC, who built BED's expanded facilities and additions
- Todd Shimkus – President of the Saratoga County Chamber of Commerce, a 45+ year member
