## **BOBRICK'S NEW TOILET PARTITION CATALOG RELEASED.**

North Hollywood, CA – October 23, 2015 – Bobrick Washroom Equipment, Inc. announced the publication of their new Toilet Partition Catalog which introduces BOBSpec, a new Toilet Partition Selection and Specification Method.

In addition to presenting the Company's Series of partitions, (SCRC) Sierra, (CL) DuraLine and HPL Designer, Metro, TrimLine and Accent, the catalog assists architects and designers in the specification process.

“BOBSpec provides selection information from identifying the building type to material, mounting configuration, options (height, privacy and hardware), and colors and patterns. This results in the most appropriate spec for a given project in terms of design, durability and compliance,” stated Category Manager, Roumany Samhakson.

For more information, visit [bobrick.com](http://bobrick.com).
