Wall-Mounted Automatic Soap & Sanitizer Dispensers

Elevated aesthetics, superior functionality, & enhanced serviceability.

BOBRICK

The Next Evolution in Design & Function

Offering best-in-class performance and operational efficiency

Bobrick's redesigned Wall-Mounted Automatic Soap & Sanitizer Dispensers combine thoughtful design improvements, reliable touch-free performance, and long-term value for commercial washrooms.

A seamless stainless steel cabinet, drip-free pump, and universal bulk soap and sanitizer dispenser help reduce costs, simplify service, and improve everyday efficiency.

Built for high-traffic performance, the ADA-compliant dispensers are available in satin stainless steel and matte black finishes, maintaining a cohesive restroom design with Bobrick accessories and faucets.

B-2012 - Liquid Soap & Sanitizer
B-2013 - Foam Soap & Sanitizer

B-2012.MBLK - Liquid Soap & Sanitizer
B-2013.MBLK - Foam Soap & Sanitizer

Engineered for Cleaner Delivery

Drip-free dispensing reduces mess, cleanup, and costs. A 20-second maintenance mode prevents accidental activation during cleaning, while long battery life delivers up to 120,000 cycles.

Beautifully realized environments, enriched by dispensing choice

- Seamless 18-gauge stainless steel cabinet has an ADA-compliant 4-inch depth
- High quality foam dispense
- Low soap and battery status alerts consistent with other Bobrick automatic dispensers
- BobrickSMART compatible

- 1,000mL capacity reduces refill frequency
- Dispenses economical bulk soap or sanitizer for significant cost savings of 80% or more over proprietary cartridges
- Adjustable dispense amounts of 0.5mL, 0.9mL, or 1.3mL

- Keyed with Bobrick key for simpler maintenance

Product Lineup:
