TB-91 Bobrick Sanitary Napkin/Tampon Vendors Have Accessibility Compliance Certification

Specifying and installing a product with confidence that the product is in compliance with federal barrier free code requirements gives peace of mind and eliminates delays/frustrations.

Bobrick's ClassicSeries®, TrimLineSeries™, and ConturaSeries® Push Button Sanitary Napkin/Tampon Vendors have all been fully tested and certified by a certified CASp Inspector (California Accessibility Specialist) to meet the barrier free accessibility guidelines including 2010 ADA and 2009 ICC A117.1 accessibility standards in the U.S.A. All operable push buttons, including product and coin return buttons are certified and guaranteed to be operable with one hand and with less than 5 pounds of force (22.2 N) without tight grasping, pinching, or twisting of the wrist.

Model Numbers certified to meet codes include:
